

Partnership Announcement

Check out this email template to use with your customers when announcing the partnership with Dropbox

Power Remote Work with Dropbox Business

Hi **[Insert Customer Name]**,

We've partnered with Dropbox to offer **[partner name or 'our']** customers the world's first smart workspace. Dropbox Business is a powerful collaboration platform where teams, tools, and content come together, while keeping IT in control.

With the power of Dropbox Business, your employees can:

- **Centralize** everyone's files—even cloud content like Google Docs, Sheets, and Slides
- **Access** and share work from any computer, mobile device, or web browser
- **Connect** tools like Zoom and Slack to bring together content and communication

With Dropbox Business admin controls, your IT team can:

- **Secure** company data with powerful tools for control and visibility
- **Reduce** risk with data governance tools and up to ten years of file retention
- **Ensure** compliance with support for widely accepted standards and regulations

Millions of registered users and thousands of business customers are already using Dropbox to increase productivity and lower costs. I'd love to talk with you about how Dropbox Business fits in your IT environment. What time this week would be best for a call?

Best,
[Reseller Name]
