HelloSign Goes Global - Now Available in 22 Languages

Dear *[FIRST NAME]*,

Dropbox is pleased to announce that the industry leading eSignature solution, HelloSign, is now available with **European Data Residency** providing you with the option to store completed documents in Europe!

At a time when in-person business is more challenging than ever before, your users may be turning to you to support their digital transformation journey. A secure, intuitive, and easy-to-use eSignature solution, such as HelloSign, is a fundamental piece of this journey with the added benefit of speeding up business processes and providing an overall better customer experience.

We are also announcing the following:

- **Customer Support Available In Europe** with dedicated resources now in a GMT time zone, we will provide local customer support 9am to 1am UK time.

- **Enhanced Product Feature for Data Retention** which allows administrators to either delete or sync documents in bulk.
- **HelloSign, is now available in 22 languages**, expanding your opportunity to use HelloSign around the world.
